- Technology and innovation implications
- Collaboration between all stakeholders

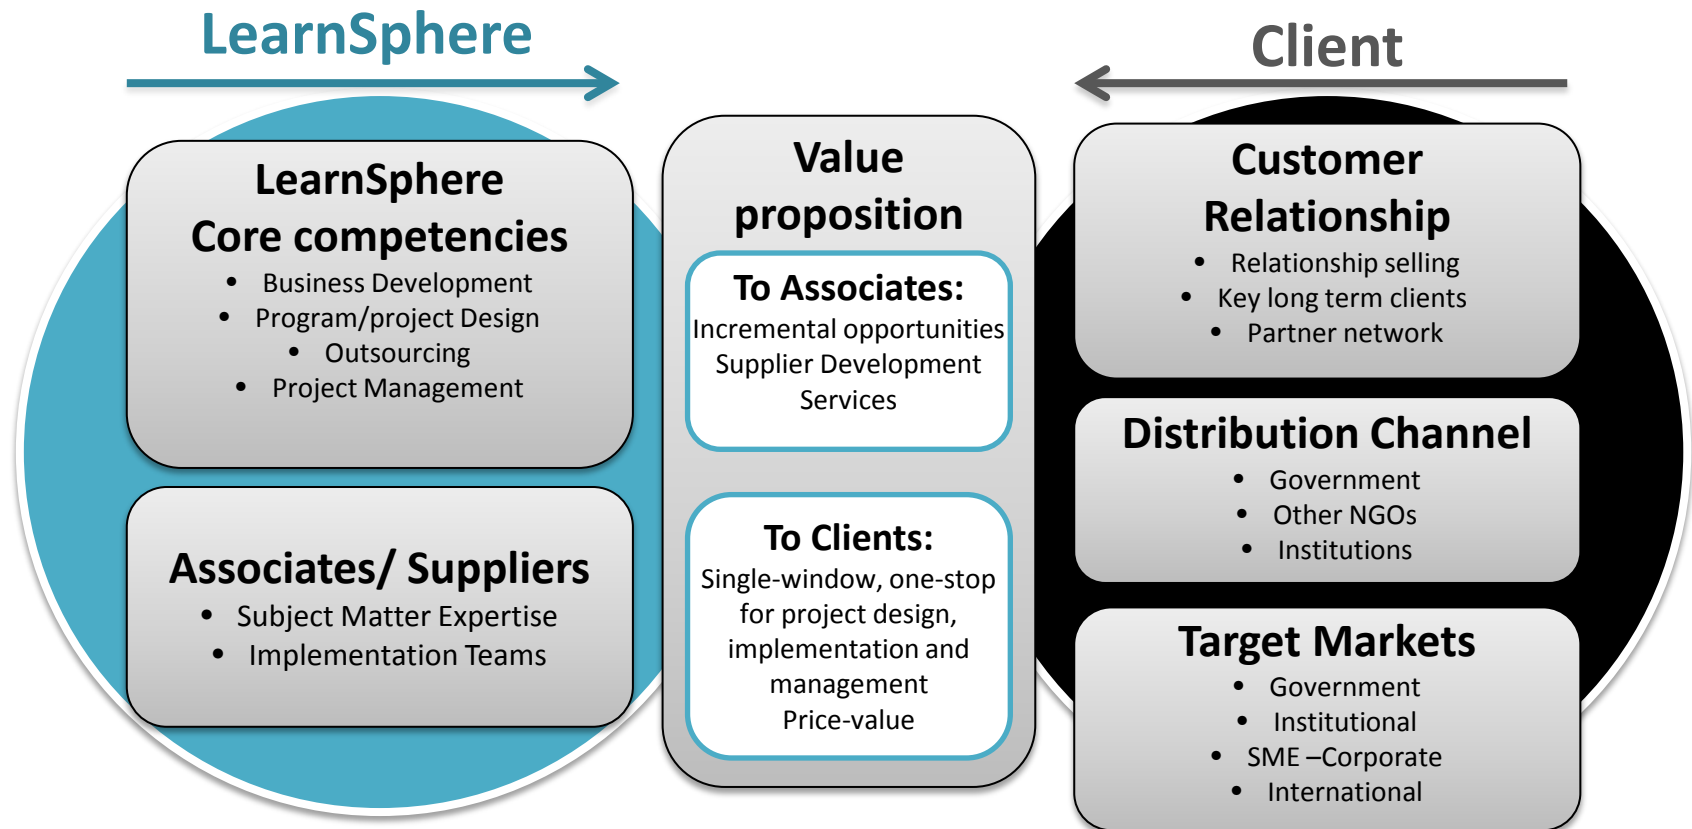

LEARNSPHERE'S
STORY

IN 1995

OUR BUSINESS MODEL TODAY

WE ARE

- A not-for-profit Canadian organization that takes a business-like approach to our operations.
- Funded exclusively through the fees we charge for services to the private and public sectors.
- Not a government department or agency, although we are often retained to provide services for all levels of government.
- Established as a one-stop resource for training & workforce development.

OUR IMPACT

- Worked in twenty+ countries
- Over \$25 million in projects
- Provided close to 200 young professionals with international internships
- Leading provider of SME training
- Close to 40 suppliers in our group

OUR WORK

Workforce Development

- Business Management Practices
- Supply Chain
- Trade
- LearnSphere Online
- Training for the Non-Profit Sector

Commercialization & Innovation

- Coaching & Mentoring Programs
- Innovation Series for SMEs
- Commercialization Accelerator Program

Exchanging

Good business management skills are a key component to business success; however, businesses are often challenged with limited time and resources to upgrade management skills. Through ProfitLearn, small to medium-sized business owners and their employees can access affordable and practical training that can help their businesses grow.

Upcoming Workshops

CONCLUSION

What's worse than training your workers and losing them?

....Not training them and keeping them.”
